

## ARGENTINE CHAMBER BREAKS WITH GERMANY

Follows Action of Senate Which Last Week  
Voted Almost As One For Step—Washing-  
ton Would Welcome Republic in War

### RESIDENT AGAINST ACTION

Buenos Aires, Argentine, Sept. 25.—Breaking off of diplomatic relations with Germany was voted today by the chamber of deputies, 13 to 18. Last week the senate voted almost unanimously in favor of break over the revelation brought out by the exposure of von Luxburg, the German minister to Buenos Aires, by the American state department.

Rumors were current tonight that President Irigoyen was not willing to break off relations with Germany, despite action taken today by the chamber of deputies. It was announced tonight that a manifestation will be made before the congressional palace tomorrow demanding an immediate rupture in the name of the Argentine republic.

Washington, D. C., Sept. 25.—Beside further consolidating the American position in the war for democracy, the action of the Argentine chamber of deputies in voting for a rupture of relations with Germany created little surprise among officials of the state department, and it is believed here that the break will be followed by

American affairs, banished when Brazil formally broke relations with Germany and then sent her fleet to sea to co-operate with that of the United States.

Brazil did not formally declare that a state of war existed and it is believed that if forced to break relations President Irigoyen will seize the opportunity to step ahead of Brazil in declaring war.

Although great military support might not be given the allies by Argentina her economic aid would be important. Perhaps the largest producing country in South America she could contribute plentifully to the food supply of the fighting nations.

#### President Always Against Break.

President Irigoyen has been consistent in his determination not to permit his country to take any other than a neutral position, but it is considered probable that he will vote the action of the legislative branch of his government. A political venture would place his administration in a course. The majority of the people appear to feel keenly the ridiculous position in which their country has been placed by the duplicity of the German minister. The discovery that the strikes and riots in Buenos Aires were instigated by German agents only makes the situation sordid.

#### Argentine May Regain Prestige.

Entry into the war will enable Argentina to regain her prestige in South

## BRITISH ARMORED CARS COVERED RETREAT OF RUSSIAN DESERTERS

BRITISH ARMORED CAR.

During the recent disastrous retreat of the Russians from Galicia, caused by the wholesale desertions, British armored cars probably saved the armies from complete rout. The armored car division serving with the Russian armies acted as a rear guard, and in many cases compelled the deserting regiments to return to the fighting lines. The photograph shows one of the cars which took part in the retreat.

## ONEONTA GUARD ON WAY SOUTH

### First Regiment Left New York Yesterday For Spartanburg

New York, Sept. 25.—Another regiment of New York troops, the First Infantry, comprising 2,100 officers and men from up-state communities, said goodbye to the Van Cortlandt encampment here today and entrained for Camp Wadsworth at Spartanburg, S. C. Relatives and friends from cities and towns where the men hail from were in the throngs which assembled to bid their former National Guards-

men farewell. The men left with Col. James S. Boyer in command and with their regimental band playing. The first has been in camp here for about six weeks. It consists of the headquarters company, a supply company and 12 infantry companies. Its mascots include a Great Dane, owned by Captain Thomas M. Sherman of Company B, son of the late vice president of the United States.

## MINERS TO DEMAND BIG WAGE INCREASES

### INDICATIONS THAT OPERATORS WILL REFUSE THEM

Washington, D. C., Sept. 25.—Immediate wage increases of from 20 to 50 per cent will be demanded by the country's coal miners, it was announced here tonight, after a preliminary meeting of operators and miners' representatives of the central competitive field, in Washington to discuss a general wage readjustment.

The demands were formulated by the miners' representatives tonight and will be presented at a joint meeting tomorrow. There is every indication that the mine owners will refuse flatly to meet them, first on the ground that they are too high and second that the recent fixing of coal prices by President Wilson will not permit of any increases.

The increases asked, while stipulated for the central field comprising Ohio, Indiana, Illinois and Western Pennsylvania, will serve as a basis for the entire country, and if they were granted would have to be met by other districts. The demands are as follows:

"Increases of 15 cents a ton on lumped and machine mined coal at all basing points in the United States; "The percentages of increase granted on machine and picked coal to be applied to all differentials existing between thin and thick vein mines; "Advances of \$1.90 a day for all men employed in and around mines and:

"Twenty per cent raises on all dead work and yarding."

Today's joint conference was opened with a speech by A. A. Garfield, the fuel administrator, who urged both sides to let no differences stand in the way of a good production of coal.

#### FAIL TO AGREE ON TAX BILL

Question of Excess Profits Reopened and May Be Rewritten.

Washington, D. C., Sept. 25.—Conferees on the war tax bill failed again today to break their deadlock on war excess profits taxation, but some progress was made on compromise negotiations just before they adjourned until tomorrow.

Return of the measure to the senate and house before the latter part of the week was set tonight to be improbable and some of the conferees were disposed to fear a final agreement.

Virtually the whole question of war excess profits was said to have been thrown open today and a fresh start on various compromise proposals made. It was reported that the conferees were considering entirely rewriting the section.

## 20 CASUALTIES IN ANOTHER AIR RAID

### TWO ATTACKS MADE ON CITY OF LONDON YESTERDAY

London, England, Sept. 25.—Another hostile airplane raid on London took place tonight. There were two attacks, apparently, for after a 40-minute interval of quiet, anti-aircraft guns resumed firing in the London district.

In the first attack, after brisk firing by the defensive guns, lasting only 10 minutes, the raiders were driven off without succeeding in reaching the city of London.

The firing of the anti-aircraft guns in the second attack was of only brief duration. The raiders were finally driven off and the police gave out the "all clear signal" at 9.30 o'clock.

A report of the raid was issued by the authorities.

"The Thames estuary was again the objective of a hostile air raid this evening. The Kent and Essex coast was crossed at various points and a few bombs were dropped but no casualties are yet reported.

"One raider penetrated as far as the southeastern outskirts of London where two bombs fell, causing some 20 casualties."

## RAISE MILK PRICE TO THIRTEEN CENTS

### SAY ADVANCE WILL BARELY MEET COST OF PRODUCTION

Buffalo, Sept. 25.—The Dairyman's league today announced an advance of nearly 7 cents a gallon for the winter price of milk, which dealers say means a retail price of 13 cents a quart.

L. G. Kirkland, a member of the board of directors of the league, issued a statement in which the claim was made that the October price of 23 3/4 cents and 30 1/2 cents for November barely would cover the cost of production. The September price was 24 cents a gallon.

Referring to the reported intention of the dealers to ask the national food administration to investigate the milk situation in New York, Mr. Kirkland said the league had waited two weeks before announcing winter prices, hoping for such action.

"Mr. Hoover," said Mr. Kirkland, "has been gathering figures as to cost of the production of milk and we are ready to accept his figures. We do not believe prices set by him would be less than they are now. We must at least have the cost of production or quit the dairymaking business."

## PASS 8 BILLION EXPENSE BILL

Senate Approves Items For Many  
Millions to Make Up Deficiencies

### HOUSE HAS ACTED

Few Dissenters — Floor Leader  
Martin Urges Scrutiny of  
Extravagant Estimates

Washington, D. C., Sept. 25.—Without a roll call and after brief debate the senate late today passed the eight billion dollar war deficiency appropriation bill. Nearly \$800,000,000 was added to the measure as it came from the house and it now goes to conference.

Items for many millions of dollars were approved with only a hand full of senators present and without discussion, as they were when the bill passed the house unanimously just a week ago. Minor provisions only evoked debate.

Senator Martin, chairman of the appropriations committee and Democratic floor leader, urged sharp scrutiny of what he termed "extravagant and almost reckless" departmental estimates. He said appropriations during five months of war would reach about \$200,000,000, and expressed concern lest next year's total might be \$300,000,000.

Nation's Finances Imperilled. "We must give every dollar necessary to prosecute the war," said the senator, "but our duty is to trim down extravagant and useless appropriations. The government's finances are in a perilous situation.

"Are we going to impoverish the country? Yes, if necessary, to win this war, but in God's name don't let us spend money unless absolutely necessary."

Over the Democratic leader's opposition the senate adopted, 28 to 26, an amendment by Senator Robinson appropriating \$500,000 for the employment bureau of the department of labor.

As it goes to conference the bill totals \$7,991,400,000, including \$2,385,000,000 of contracts, authorization and senate committee amendments, totaling \$779,000,000. Its principal items include:

Principal Items of Measure. Shipping board, \$625,000,000 passed for the construction program authorized of \$1,749,000,000; army and navy emergency fund of \$100,000,000 each; construction of torpedo boat destroyers, \$225,000,000, to start a \$350,000,000 program; army transportation, \$413,000,000; fortifications, \$1,495,000,000 appropriated and \$975,000,000 more authorized; army subsistence, \$320,000,000; clothing and camp equipment, \$357,000,000; engineer operations, \$191,000,000; medical department, \$129,000,000; pay increases for foreign service, \$31,000,000; horses, \$48,000,000; barracks, \$49,000,000; ordnance, stores and ammunition, \$722,570,000; small arms target practice, \$89,676,000; ordnance stores and supplies, \$113,520,000; manufacture of arms, \$23,590,000; automatic machine guns, \$118,820,000, with \$220,277,000 additional authorized; armored motor cars, \$36,750,000, with \$75,550,000 additional authorized; naval aviation, \$45,000,000; naval ammunition, \$40,146,000, with \$15,000,000 more authorized; naval batteries, \$50,000,000 and \$28,000,000 more authorized; naval reserve ordnance, \$47,500,000 and \$17,500,000 more authorized; naval training camps, \$12,000,000.

With the understanding that it would be perfected and reinserted in conference the senate struck out an appropriation of \$1,340,000 for civilian training camps.

## MCCALL WINS THE BAY STATE G. O. P.

### GOVERNOR BEATS CUSHING 2 TO 1 IN PRIMARIES

Boston, Mass., Sept. 25.—Governor Samuel McCall was renominated at the Republican primaries today by a heavy plurality today over Grason D. Cushing. Auditor Alonzo B. Cook, in the same primaries, won a renomination against Charles Bruce by probably two to one.

Approximately one-half the vote of the state, including Boston, had been tabulated. The vote stood: Cushing, 8,836; McCall, 33,903.

If the governor's lead was maintained this meant that he would have defeated Cushing by something like 42,000.

The same precincts gave Bruce, 10,991; Cooke, 24,666.

Early returns indicated that W. W. Lusk had won the Republican nomination in the sixth congressional district for the seat made vacant by the resignation for the purpose of joining the colors of Augustus P. Gardner.

With a little more than half of the district's vote counted Lusk had 3,116 as against 1,939 for John L. Saltonstall and 805 for Rufus D. Adams. For the Democratic nomination George A. Schofield had 161 votes against 72 for Edward Hoerner Savary.

Returns at the same hour from 16 Republican and 23 Democratic legislative contests indicated that three Republicans and five Democratic members of the legislature of 1916 had been defeated for renomination.

## BOARD SETS PRICE ON FLOUR

Export Patent \$11.80 Barrel; First  
Clears \$10.10 to \$10.90 Barrel.

New York, Sept. 25.—Announcement was made here today by the flour distribution committee of the New York Produce exchange, appointed by the United States food administration that the following prices will apply to flour to be sold by the food administration through this committee.

For all export patent \$13.25 per sack of 25 pounds, which is equivalent to about \$11.80 per barrel; all first clears, from \$11.90 to \$12.25 per sack of 25 pounds, according to quality, which is equivalent to \$10.60 to \$10.90 per barrel.

R. A. Claybrook, president of the Produce exchange and chairman of the committee, expressed the belief that this action would keep down the price of flour, which he predicted would have gone much higher before January 1st had there been no food control legislation enacted.

## HOLDING MEANS FOR GRAND JURY

Held Without Bail Charged  
With Murder of Mrs. King

### PRISONER GIVES ASSENT

Counsel For Defense Claims It  
Requires Papers Seized in New  
York to Present Their Case

Concord, N. C., Sept. 25.—Gaston B. Means was held tonight in the Cabarrus county jail without bail to await the action of a grand jury at the October term of the superior court on a warrant charging him with the murder of Mrs. Maude A. King, the wealthy Chicago widow, mysteriously killed at Blackwell Springs on the night of August 29. The grand jury will meet October 29.

Without offering any testimony at his preliminary hearing which began yesterday before Magistrate Pitts, Means, though his counsel late today consented to be bound over to the higher court. The magistrate attached to the remaining order a statement by Means' counsel that their consent was predicated on two facts that they could not present a proper defense without possession of certain papers seized in a raid on Means' New York apartments and that they had been informed that New York officials here had brought extradition warrants to take their client back to New York on some undisclosed criminal charge.

Unsuccessful attempts to get legal possession of the papers were made by some of Means' counsel while others argued before Magistrate Pitts for the dismissal of the prisoner on the ground that the state had failed to make out a case.

They particularly attacked the testimony yesterday of two experts, that Mrs. King could not have fired the shot that caused her death.

Mrs. Mary C. Melvin, a sister of Mrs. King, joined Means in obtaining a writ from Circuit Judge Webb at Gastonia, which if made permanent, would require Assistant District Attorney Dooling and other New York and Chicago officials who came here to aid in the prosecution to turn over the documents to the clerk of the superior court of Cabarrus county. The writ is not returnable, however, until October 8 and in the meantime Solicitor Clement, to whom the documents were delivered will keep them.

Among the documents mentioned in the writ was the alleged second will of the late J. C. King of Chicago, which if finally held legal would give to the estate of Mrs. Maude A. King approximately \$2,000,000 more than the wife got when her husband died. Mrs. Melvin believed, the order says, that C. B. Ambrose, a department of justice agent who came here to the hearing, and who was named in the order, "is an agent of the Northern Trust company of Chicago and is virtually interested in preventing the will being probated." The trust company holds the \$2,000,000 in trust for a charitable organization.

## BRITISH CASUALTIES 23,035 LAST WEEK

### TOTAL DEAD NUMBER 4,535; FEWER THAN WEEK BEFORE

London, England, Sept. 25.—Total casualties in all British ranks in all theatres for the week ending today are reported officially to have been 23,035.

Officers killed or died of wounds, 103.

Men killed or died of wounds, 4,430.

Officers wounded or missing, 432.

Men wounded or missing, 18,070.

For the week ending September 18, British army casualties aggregated 27,154. The report for the present week includes the operations in Flanders last Thursday, when the British made a considerable advance, while in the previous week there was no marked infantry activity on any British front.

## BRITISH TURN UHLAN ATTACK

Haig's Men Inflict Heavy Casual-  
ties on Rupprecht's Forces

### AUSTRIANS ARE FOILED

Germans Unable to Retake Po-  
sitions Captured by Russians  
Best French Flyer Missing

Crown Prince Rupprecht of Bavaria was active again Tuesday and made desperate attempts to retake the gains made by the British last Thursday near the Ypres-Menin road in Flanders. His first assault enabled his troops to enter the British lines at two points. Field Marshal Haig's men fought back valiantly and, in addition to withstanding further attacks by the Germans, straightened out their line. The day's efforts brought nothing to the Germans but additional casualties. Great artillery activity is in progress in the sector east of Ypres.

Northeast of Verdun the infantry action has slackened. Following their ineffectual efforts of Monday, the Germans attacked the French near the Bois Le Chaume early Tuesday. This attack, although aided by liquid fire, also was repulsed. Berlin claims officially to have taken trenches here on Monday and to have held them against counter attacks. On the Aisne front the artillery battle continues.

In the Trentino in the region of Monte Nero, the Austro-Hungarians exploded a mine under the Italian positions, but the Italian barrage fire prevented the enemy from making any gains. The Italians have repulsed further local attacks on the Bainsizza plateau northeast of Gorizia. German efforts to recapture the new position gained by the Russians southeast of Riga on the Pskov high road, have been checked by the Russians.

Captain George Guynemer, the leading French aviator, is believed by the French war office to have been killed. Guynemer left Dunkirk for a light over the German lines in Flanders two weeks ago and nothing has been heard of, or from, him since.

By a vote of 53 to 18, the Argentine chamber of deputies has declared in favor of breaking off diplomatic relations with Germany. The Argentine senate last week voted almost unanimously in favor of a break over the revelation brought out by the exposure of von Luxburg, the German minister to Buenos Aires, by the American state department.

Great Britain and France have formally notified the provisional Russian government that they would not conclude a separate peace to the detriment of Russia. These assurances were in reply to reports current in Russia that Germany was endeavoring to make peace at the expense of the new republic.

## WANT LAFOLLETTE TAKEN FROM SENATE

### MINNESOTA SOCIETY CALLS HIS ACTS SEDITIOUS

St. Paul, Minn., Sept. 25.—Expulsion of Senator Robert M. LaFollette of Wisconsin from the United States senate is demanded in a petition addressed to that body today by the Minnesota Public Safety commission. Senator LaFollette is accused in the committee resolution of making an address of a disloyal and seditious nature at the Non-Partisan league convention here last Thursday night.

The commission also referred to the United States district attorney the matter of the conduct of Senator LaFollette and others at the same meeting, with a request that the party, if found to have violated any federal statutes, be vigorously dealt with.

The commission's action came at the close of an executive session of six hours' duration given almost exclusively to consideration of the LaFollette speech, and examination of A. C. Townley, president of the Non-Partisan league. The latter expressed his disappointment at the statements in which the Senator indulged and disclaimed any responsibility for permitting the utterances.

Governor Burquist said later that the authorities having advised that there was no infraction of state laws, the commission was compelled to be content with referring the matter to federal authorities for action.

President Townley, who appeared before the commission at the latter's request was accompanied by his attorney. Mr. Townley was questioned as to the purposes and strength of the non-partisan league. He told the commission that the league organized in North Dakota last year now has more than 100,000 members of whom approximately 40,000 are in Minnesota, 20,000 in North Dakota and a like number in South Dakota, while the remaining 20,000 are scattered over four or five other states extending south to Oklahoma. The first purpose of the league, he said, is to protect the interest and welfare of the farmers. It is especially active at this time, he said, on alleged discrimination against the farmer who cannot afford to sell his wheat at \$2.20 a bushel when flour prices remain on a high level and other necessities of life and agricultural pursuits make unreasonable demands on his resources.

In Exodus the "embroiderer" is contrasted with the "cunning workman." The art of embroidery by the loom was extensively practiced by the nations of antiquity. The Egyptians and Babylonians were noted for it. Embroidery with the needle was a Phrygian invention of a later date.

## FINANCIAL AND COMMERCIAL

## New York Markets.

New York, Sept. 25.—After an early period of indecision, today's stock market extended its advance of the previous day, many important issues recording gross gains of two to four points. For the most part, however, this improvement was surrendered in the final hour, when call loans rose to 7 per cent after having been in free supply at 4 per cent.

The movement was the broadest and most active of any recent session and for a time caused a general readjustment of technical conditions by reason of the further extensive covering of short commitments.

No specific news or developments attended the rise, but from the fact that it was guided largely by representative industrial and standard rails, the impression prevailed that speculative interests suddenly found it expedient to align themselves on the constructive side.

The fixing of prices on steel and iron by the war industries board also served to stimulate action for the bull account. War shares figured prominently, but United States Steel was again the outstanding feature, contributing over 25 per cent to the total of \$25,000 shares.

From its opening quotation, which represented a nominal loss, steel yielded a point under the weight of heavy offerings, but rose easily to 113% before the money flurry and realizing sales forced the price back to 112%, closing at 112%, a net gain of 1/2% of a point. Today's maximum quotations were exactly ten points over the low of last week. Coppers and some of the equipments, including Bethlehem issues, were irregular or heavy.

Bonds were mainly lower with greater activity in international Liberty 3 1/2% moved between 99.98 and 100.02. United States bonds (old issues) were unchanged on call, the coupon 4's advancing 1/2 cent on a single sale.

## OTSEGO COUNTY NEWS

### MRS. ELMER SPOOR.

dies at Home Near Mt. Vision Yesterday—Funeral Thursday.

Mt. Vision, Sept. 25.—Mrs. Elmer Spoor died at her home in this village today, after a four weeks' illness. She was born in Mt. Vision in 1836, a daughter of Henry and Fannie m. In 1903 she married Elmer Spoor and began housekeeping near here, where she has since lived. When young girl she joined the Baptist church and became one of its most faithful workers.

Besides her husband, she is survived by a daughter and a little son, the doted mother, Mrs. Fannie Bunn, and brothers, Clarence Bunn, residing at South Hartwick, Pete Bunn, of Auburn, Harry and Walter Bunn, living here, and six sisters, Mrs. Scott, of Mt. Vision, Mrs. Andrew Gregory, of New Lisbon, Mrs. Arthur Ringstein, of Oneonta, Mrs. Stanley Riley and Miss Fannie Bunn, of Oneonta, and Mrs. Ernest Nichols, of Oneonta. Private funeral services will be held at the house Thursday, at 2 p. m. Burial in the village cemetery.

### Mrs. Cordelia Winsor.

Mrs. Cordelia Winsor died at the Binghamton hospital Wednesday and was brought Friday to the home of her niece, Mrs. Hiram Shove, where funeral was held Friday afternoon. Mrs. Winsor was born in 1830 in Otsego county, the daughter of James and Louisa St. John. When a small child, with her parents, moved to

### CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head noises go to your druggist and get one of our famous (double strength) and to it one-fourth pint of hot water and a teaspoonful of granulated sugar. Take one teaspoonful four times a day. This will often bring quick relief from distressing head noises. Clogged eustachian tubes, breathing becomes easy, the mucous stop dropping into the ear. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should take this prescription a trial.

this county. Seven years ago she was taken to Binghamton. About 50 years ago she married Lemuel Winsor, who died several years ago. She is survived by one sister, Mrs. Betsy Ann Nearing, one niece, Mrs. Hiram Shove, and several nephews.

## THIS MEDICINE WOMEN VALUE

### Positively Relieves the Suffering.

### More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files.

Dennis, Texas. — "I cannot feel that I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is." — Mrs. G. O. LOWERY, 911 S. Barrett Ave., Denison, Texas.

Write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for free advice.

for a brief visit, going from there to Baltimore, Md., to resume her college work. — W. C. T. U. supper this week at the Methodist Episcopal church parlors. — Mr. and Mrs. Robert McMurray went Monday to Syracuse to visit for a few days. — Robert Taggart is visiting with friends at his old home in Schoharie county. — Victor Smith has returned to his home in Main Center, Pa. — Mr. and Mrs. E. S. Bell with Mrs. S. R. Bell are visiting in Hancock. — Mrs. Marilla Knapp of Franklin is in town. — Mrs. Fannie Georgia of Franklin is visiting relatives here.

The Republican town caucus, to nominate town officers to be voted for at the general election Nov. 6, 1917, will be held at the town house in Davenport Center Saturday, Sept. 29, 1917, at 2 p. m. By order of Republican Town committee. advt 5t

## RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapiesin" relieves stomach distress in five minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain unailing action in regulating sick, sour, gassy stomachs. Its quick relief in indigestion, dyspepsia and gastritis when caused by acidity has made it famous the world over.

Keep this wonderful stomach sweetener in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach it helps to neutralize the excessive acidity, then all the stomach distress caused by it disappears. Its promptness, certainty and ease in overcoming such stomach disorders is a revelation to those who try it.

The crown prince is still hammering  
winning at Verdun. If the German  
people would pause for a moment to  
consider the lives and treasure wasted  
in the past year and a half in try-  
ing to give the degenerate prince a  
military reputation, they might get a  
better idea than they now have of the  
reigning family.

It may not have been at the time  
committed an offense against the  
United States government, or at least  
not a punishable one, but the Coblenz  
memorandum transmitted to Germany  
by the embassy at Washington was  
such a document as never should have  
borne the signature of an American  
judge. The denials of Coblenz are  
weak and not generally believed.

The price of steel bars and plates  
for the government and private con-  
sumers, as fixed at \$53 to \$55 per ton,  
represent a saving of \$95 a ton on  
steel plates and of \$52 on bars. It  
is a gratifying reduction, and the only  
in the oilment is the recognition  
of the fact that the higher price never  
should have been charged. If, with  
the highest prices ever, the price of  
steel can be reduced 50 per cent and  
leave a profit, the previous figure was  
merely commercial robbery.

The pro-German LaFollette is  
spending much time vamping about  
the capitalistic press. That press as  
he apparently views it is composed of  
all newspapers which stand by the  
government and denounce spies and  
allies as they should be denounced.  
The balance of the press, which it may  
be assumed he favors, is denouncing  
the government and many of its editors  
and publishers are known to have  
German money in their pockets. Wis-  
consin must be proud of Senator La-  
Follette.

One previously open channel for  
German spies was cut off this week,  
when the American government order-  
ed that no more crews of vessels ar-  
riving in American ports will be per-  
mitted to land without proper identi-  
fication papers. Heretofore it had been  
easy for spies to ship as common  
sailors from neutral ports, and on ar-  
rival in New York slip ashore and  
lose themselves in the city. The mea-  
sure is similar to one adopted early in  
the war by England, when German  
diplomats, including the minister to  
China, shipped as common sailors.

The grain crops of the world, ac-  
cording to the figures of the Inter-  
national Institute, show a gain for  
1917—not in every case large but in  
the aggregate considerable. There is  
three per cent more wheat, 10 per cent  
more rye, 19 per cent more oats, and  
25 per cent more corn. These are con-  
siderable amounts, and in the case of  
corn the increase is important since  
the world produces more than twice  
as much corn as wheat.

The increase of grain production  
above noted is important, but it should  
be noted that the increase is supple-  
mented by the fact that the world  
over there is less consumption of  
cereals and a larger one of vegetables  
and fruits. And, since Germany gets  
practically nothing in the way of grains  
from the outside world, the surplus  
goes all to the allies.

"Leave a clean plate" is one in-  
junction which is made by the food  
conservation people. "Can all you  
can" is another, and "Have one wheat-  
less meal a day," "Substitute corn for  
wheat" and "Serve meatless meals" are  
others. All these are good but the  
important thing is to keep it up. A  
wheatless meal this week or today  
amounts to something, and so do all  
the other injunctions, but the plan  
once adopted should be continued. It  
is of very little consequence if after  
the first time or two it is forgotten.  
It is of great consequence to keep up  
the savings plan day after day. Best  
of all, nobody will be the worse off  
for it.

## COMMENTS OF THE PRESS

Saving Sugar for France.  
Herbert Hoover asks the American  
public to eat less sugar so that the  
French may not be deprived altogether  
of their scant allowance. The ap-  
peal is prompted by the French gov-  
ernment's urgent need of 100,000 tons  
of sugar to maintain the French peo-  
ple's present minimum sugar ration of  
an ounce a day. If there is real sincerity  
in our professions of sympathy for  
our oppressed and heroic allies, there  
should be no difficulty in saving  
enough from our lavish allowance to  
send out their scanty supply. — [New  
York World.]

Congressmen Who Were Cowards.  
Except possibly in a few extreme  
cases there need be no suspicion of  
German money in congressional  
pockets. The sensitive ones know  
perfectly well that the charge against  
them is not true, but timidity in the  
face of thousands of letters and telegrams,  
"accelerated" by what  
Bernstorff calls "the organization you  
know of," protesting against patriotic  
action. They know that they are not  
accused of selling themselves for cash  
but of foolish weakness in yielding to

what they were led by such transpar-  
ent devices to fear as the menace of  
"the German vote." Investigation, if  
there were no other work on hand,  
might be a harmless concession to  
wounded pride. But there is other  
work. What is wanted now by the  
true "German vote" as well as by  
other Americans, is swift, sharp, de-  
cisive national action; no more time-  
wasting devices or disloyal utterances,  
or anti-national acts and votes under  
the spur of supposed political expedi-  
ency—as on former occasions.—[New  
York World.]

## Friendship of Enemies.

A young Canadian soldier from Van-  
couver, who has been two years in  
France, says in a letter to the Van-  
couver Sun that there is very little  
hated between the combatants. "It  
is nothing to see a German wounded  
in the arm helping a Canadian wound-  
ed in the leg back to the rear." Those  
who are faced with the horror of the  
thing have very little spirit left for  
hating, which comes easier to the civil-  
ian population and the writers back  
home. This evidence of the good will  
of the average German soldier is of  
interest, for there is reason to suppose  
that where there have been atrocities  
they have been committed under  
orders of the officers, who represent  
the spirit and the theory of the pre-  
sent German government.—[Spring-  
field Republican.]

## Germany's Diplomatic Intercourse.

The history of diplomatic inter-  
course contains no other page as black  
as that written by the present German  
government and its agents. Even  
worse than the crime of Baron Raut-  
enfels, who used diplomatic immunity  
as a cloak under which to smuggle  
into Norway bombs with which to  
sink Norwegian ships, is that of the  
German agents in the Rumania case,  
since their precious burden consisted  
of not only high explosives to be used  
in a then neutral country, but cultiva-  
tions of microbes of dread diseases to  
be used in spreading epidemic first  
among the horses and cattle of the  
land and then among its people. We  
are at war to rid the world of fright-  
fulness.—[New York Herald.]

## Hungary Wants Peace.

Everything indicates that Hungary  
really desires peace. Whether or not  
she would go so far as to discuss the  
separate peace which Karolyi in his  
earlier advocacy offered as one of the  
alternatives is now merely a matter for  
speculation. The entrance of the  
United States, with which she has al-  
ways sought to maintain friendly rela-  
tions, into the war with a new and  
vigorous force and the menace of the  
Italian victories on the Isonzo and  
Trentino fronts, are strong factors in  
the situation. But aside from this she  
is finding the overlordship which  
Prussia set up over her civil and mili-  
tary affairs galling, and she is thor-  
oughly tired of a war in which even  
success would mean only continued  
Prussian dominance. She is evidently  
determined to make her voice heard

## LETTER THAT STIRS HEART

EARLE P. ELMORE WRITES FROM  
RAVAGED BATTLE FIELDS  
OF FRANCE.

Oneonta Volunteer Tells His Experi-  
ences in American Field Service—  
Work of Ambulance Corps—Wan-  
ton Devastation by the Hun—How  
Americans Are Welcomed to World  
War—Fine Spirit of France.

Editor Star—The writer is "Some-  
where on the French Front," sitting  
about 25 feet underground in a dark  
and damp cave. Not that he prefers  
the darkness of the cave to the warm  
sunshine above, but in this region the  
former is healthier, so while he is  
waiting for calls near the trenches  
for wounded, perhaps he can interest  
you in his work in France, and in the  
French.

The American Field service, with  
which the writer is connected, has on  
the whole a fine bunch of men, mostly  
college men. The service is composed  
of sections, each section containing 20  
ambulances, about 45 men, three  
French mechanics, 2 French cooks, 1  
French lieutenant and 3 or 4 non-com-  
missioned French officers. After the  
section is organized each driver must  
learn his car well, and to travel about  
the country guided only by maps. Af-  
ter this, and a little preliminary work  
of carrying sick soldiers, the section  
is ready to start for the front. Then  
the real work begins, especially if the  
section is with an attacking division of  
the army. In that case men are liable  
to be on duty 72 hours without rest.

The section has permanent quarters  
about five miles back of the trenches,  
but the cars on duty must remain near  
the trenches, and as each car is on  
duty for at least 24 hours at a time  
we are very often up most of the  
night driving without lights. However,  
the star-shells that are shot into the  
air, and hang with little parachutes,  
light the road considerably and one  
soon gets as used to driving without  
lights as with them. We receive the  
wounded from the stretcher-bearers,  
those brave men who walk up to the  
trenches and carry the wounded back  
300 to 500 yards to our ambulances,  
and then we rush them to the base  
hospitals. It is a very interesting  
work (in fact everything here is in-  
teresting) and no matter what time  
of the night the calls come in the  
drivers are always glad to get up,  
though the roads are sometimes un-  
der shell fire, for they know they have  
a chance to save some poor man's  
life, who has risked all to help crush  
the barbarous Hun, the common ene-  
my. Such, in brief, is the life of an  
ambulance driver, and though his life  
is not as hard as that of the man in  
the trenches, nevertheless he is often  
under shell fire, and in pretty warm  
spots.

But let the writer tell you a little  
of poor, devastated France and the  
brave, persistent and patriotic French.  
He can only make a poor attempt to  
describe the terrible wastes and devas-  
tations of town and country for tens  
of miles back of here. It is impossi-

ble to find a building of any kind that  
has not been blasted by the Hun. The  
few buildings in towns that are still stand-  
ing are so mutilated, that they are still  
livable, but the most are totally de-  
stroyed—wreckage and wanton waste,  
which brings out the heartlessness and  
brutality of the barbarous Hun. The  
writer has wandered through the pre-  
mises of the once beautiful cha-  
teau, wretchedly destroyed, and the  
beautiful gardens around them dug  
up and with cellars filled with wreck-  
age. Surely our hearts all go out to  
the once happy, contented and well-  
to-do people who lived in them and  
who are now, in most cases, reduced  
to poverty and mourning the loss of a  
father or brother. Even the trees  
cannot escape—France was filled with  
beautiful roads, lined on each side  
with great trees, like a mighty hedge.  
Today the trunks can be seen lying by  
the roadside, the large stumps telling  
what used to be. The Germans did  
not use the trees, nor were they of  
use to the French, yet down they fell,  
with fine orchards of fruit trees. Such  
is the work of the Hun—everywhere  
wanton destruction. But the time is  
coming when they will pay for it all.

And the French. They cannot be  
praised too highly. You have un-  
doubtedly heard of the "Spirit of  
France," but one must come over  
here to get it. Three years of such a  
war is a long time, to say nothing of  
family and material sacrifice. But  
the Frenchman is not discouraged.  
He knows the Hun must and will be  
beaten. He has learned the tricks of  
the Hun and the Hun is taking his  
own medicine. The writer has talked  
with many Frenchmen. They show  
with pride the stripes on their  
sleeves, indicating that they have been  
in the war two or three years, and the  
women are proud to have given one  
or more sons "pour la patrie." They  
fight with grim determination, very  
rarely mentioning their great sor-  
rows and sacrifices. They fight for  
God, country and humanity; hence  
their wonderful spirit, and America  
will have the same spirit when she,  
too, has made sacrifices, and knows  
the character of the enemy as the  
French do. The French are keenly  
interested in America and expect great  
things of us. The first thing they ask  
us is how many men the United States  
army now has in France. They are  
always glad to see and talk to Amer-  
icans and they treat us wonderfully.  
If we offer to pay for things they do  
for us they are insulted, and when we  
walk down through the streets we  
are proud to be Americans and it is up  
to us to have them keep this faith in  
us. The world watches America.  
Lend men and money; and, like  
France, let everyone do something for  
God, country and humanity, that we,  
too, may share in the glory of having  
destroyed the Hun.

Mrs. H. S. Tonjes of New York city, who is in Otsego for this week in the interests of the franchise department of the W. C. T. U., is expected to speak at Hartwick Seminary this afternoon, and at some nearby point in the evening. Thursday evening she will speak in the Methodist Episcopal church at Richfield Springs, Friday afternoon at Hartwick village and Friday evening in Municipal hall in Oneonta at 7:45 o'clock. Mrs. Tonjes is a very eloquent and earnest speaker and it is hoped that there will be a large attendance at the Oneonta meeting.

## Must Enlist in Medical Reserve.

Notice was received yesterday by the local exemption board that Philip Becker of this city, who is a student in the medical department of the University of Vermont, must report to the local board for military duty. His name will then be forwarded to Camp Devens and he will be credited on the quota for the district. Afterwards he will be discharged from present military service of the United States, but after graduation from the university he must enlist in the medical reserve corps.

## Oneontans at Camp Devens.

Word received in the city yesterday from one of the boys who left for Camp Devens Saturday last was to the effect that all of the Otsego men were quartered together and were all entering into the spirit of the work. All of the Otsego contingent has been measured for uniforms and several of the men are already trying for places on the regimental band.

## State Civil Service Examinations.

There will be civil service examinations in Oneonta on Saturday, November 3, for several positions in the state service, among them bookkeepers, stenographers and clerks and confidential examiners. All interested should write the State Civil Service commission, Albany, for detailed circular and application form.

# WILDE "WENT BROKE"

Offered to Sell Saxon "Six" Touring Car for \$25 in Cash.

Word was received in the city yesterday of the arrest of Earl Wilde, who stole a Saxon touring car from the sales rooms of Murdock Bros. on the night of Sept. 6, and of the recovery of the machine in Moundsville, W. Va., from Dr. B. H. Gardner, a veterinary of that city and a former resident of Oneonta.

The following story appeared in the evening edition of a Moundsville daily paper and attracted the immediate notice of Mr. Gardner:

"An attempt to sell a Saxon '6' seven passenger touring car for \$50 led to the arrest of Earl Wilde, 20-year-old New Yorker, and his incarceration in the Marshall county jail on the charge of auto theft. He is being held pending the arrival of instructions from New York.

"Wilde was arrested by Chief of Police Tagg. He admitted that he had stolen the car at Oneonta, N. Y. The man came to the city this week and secured a job at the smelter.

"Suspicion was first aroused when Wilde offered to sell the Saxon, which was in excellent condition, to Assessor Fred McKinch, for the small sum of \$50. He later modified his price to \$25 cash.

"The car bore a New York license, and the number was telegraphed to New York. This morning a telegram was received that an automobile with such a number had been stolen, and descriptions were forwarded. Upon receipt of the telegram, Wilde was placed under arrest."

This clipping was sent to A. H. Murdock by Dr. Gardner, who also wrote that he was planning to start for Oneonta on a visit about Oct. 1, and offered to drive the car north. He will spend some time with his brother, George Gardner, and his sister, Mrs. L. L. Hamm, both of this city.

While Mr. Murdock appreciated the offer of Dr. Gardner to drive the car to Oneonta, the idea of a little trip to West Virginia appealed to him and he started for the southern city last night and may be accompanied back to Oneonta by the former Oneonta veterinary.

## PERMANENT CENSUS BOARD.

Required to Be Maintained for Children of School Age in Oneonta.

Under the provisions of the school law as amended by the legislature last winter, in every city of the second or third class in the state of New York, the board of education is constituted a permanent school census board for the city. This board is required to cause a census of the children of school age at once to be taken, and to amend it from day to day so that there shall always be on file a complete list of school children with all facts heretofore required in cities of the first class.

The Oneonta board has appointed William P. Abbott to take this census in the city of Oneonta. He will at once proceed with the enumeration, and all citizens having children of school age are requested to be ready with the facts as to age, relationship, etc., when the enumerator calls.

## Bridge Benefit for Red Cross.

The first of a series of bridge parties for the benefit of Red Cross work will be given by Mrs. George B. Baird at their garage this afternoon. Being somewhat handicapped as to space, Mrs. Baird invited some 16 ladies from the Red Cross committee to form their own tables, and each lady will pay 50 cents for the benefit. The \$32 derived from the party will be applied to the equipment of an emergency cot. Afternoon tea will be served by the hostess.

## Two Men Dispatched to Slocum.

Fred Shoemaker, Cassville, a recruit for the cavalry, and John V. Moran, Johnson City, for the infantry, both enlisted at Binghamton, passed through the local recruiting station yesterday and were sent forward this morning over the Ulster and Delaware and the day line from Kingston to commence their training at Fort Slocum.

## Only One Coal Bid.

The Oneonta Coal & Supply company was the only firm to make a bid for furnishing some hundred tons of coal, more or less, for the Oneonta public schools, and as the bid seemed satisfactory to the board of education it was accepted. The bid was to furnish stove coal at \$7.25 and egg size at \$7 per gross ton.

## Bully for the Dog.

If a dog has two bones, he knows enough to carefully bury one for the possible need of tomorrow. Many of us might well learn from the dog and bury extra bones in the safe six percent compound interest system of the Oneonta Building and Loan association, which is protected by state laws, same as savings banks, and which makes them increase to several million bones for a time when we need them. It has done this for people who think. advt 1t

# CANVASS OF VOTES COMPLETED.

Prohibitionists Split Other Party Tickets—Socialists Name Mann.

The canvass of the votes of the county of Otsego cast at the recent primary election was completed yesterday at Cooperstown. The candidates on the Republican and Democratic tickets are as printed in The Star of Monday. The Prohibition voters of the county, having no party candidates of their own, wrote in the names of candidates of the two leading parties, with the following result:

Member of Assembly—Frank McFee.  
Sheriff—George Mitchell.  
County Clerk—William I. Smith.  
County Treasurer—Burton G. Johnson.

Coroner—Wesley Adams. No nomination was made for district attorney, there being a tie between the party candidates; and of those named two are Republican and three Democratic nominees. Only one nomination was made on the Socialist ticket—That of Melvin A. Mann of Oneonta for member of assembly.

In the city of Oneonta the Prohibitionists named A. E. Ceperley for Mayor, Owen C. Becker for city judge, C. H. Bowditch for city chamberlain, J. Henry Potter and L. B. Murdock for assessors and William Abbott for constable. All are Republican nominees. Daniel Webb was nominated for alderman in the first ward and there were tie votes with scattered single names for alderman in the fourth ward, for one constable and supervisor in the first and second wards. No Socialist nominations were made in the city.

## LAVERN P. BUTTS

Elected Commissioner of Election by Supervisors Yesterday.

Pursuant to a call, the board of supervisors met yesterday at its rooms in the court house at Cooperstown for the purpose of electing a commissioner of elections in the place of Charles F. Farmer, who had resigned on account of having accepted the Democratic nomination for county clerk. The board met at 1 p. m., with Frank M. Smith of Springfield in the chair and B. G. Johnson as clerk. All the members were present except Supervisors Sheridan of Richfield, Hopkins of Unadilla and Fitch of Burlington.

After roll call the clerk read a certificate from the Democratic county committee, setting forth the fact that it recommended Laverne P. Butts of Oneonta as a fit and proper person to fill the position of election commissioner for the county of Otsego. Upon vote Mr. Butts was unanimously elected as successor to Mr. Farmer and the certificate of appointment was duly signed by all supervisors in accordance with the law.

No other business coming before the board, it was duly adjourned.

## CHEATING CHEATERS COMING.

Sensational Metropolitan Success at Oneonta Theatre Thursday Evening.

Who is Ferris? That is a question that agitated the minds of New York theatregoers all last season. Ferris is a charming, clever person you ought to know. Ferris is part of the ingenious and entertaining plot of "Cheating Cheaters," the sensational metropolitan success which comes to the Oneonta theatre Thursday for one engagement of one night only direct from a year's run at the Eltinge theatre, New York. You can't afford to miss "Cheating Cheaters." An exceptional cast will interpret the play. Seats now on sale.

## Nothing But the Truth.

"Nothing But the Truth," James Montgomery's wonderful farce, which played at the Longacre theatre, New York city, for a solid year, will be seen at the Oneonta theatre for one night only beginning Friday, Sept. 28. "Nothing But the Truth" is a play with a new and novel theme, and serves to show how one of the cardinal virtues may be observed to almost the degree of ruin, and is a means of producing more laughs from the rise to the fall of the curtain than can be tabulated on an adding machine.

## Who Shall Judge?

"Should a woman's life and conduct be judged by a distinctly different code of ethics from a man?" Should not a woman have her chance for happiness the same as a man without being judged and condemned by some act of indiscretion in her past that in a man would simply be winked at? Upon this "motif" is woven the story of "The Other Man's Wife," the play by Victor E. Lambert, which comes to the Oneonta theatre on Monday afternoon and night, Oct. 1.

## "Oh, Boy."

"Oh, Boy," the fascinating musical comedy success which F. Ray Comstock and William Elliott will send to the Oneonta theatre, October 2, is the biggest musical comedy knock-out that New York has seen in the past 20 years, and is the fourth of the series of musical comedies to be produced at the Princess theatre, New York. The book and lyrics are by Guy Bolton and P. G. Wodehouse, and the music is by Jerome Kern.

## Millinery Opening.

### DIES OF HEART DISEASE.

After Doctoring Himself for Weeks,  
Wallace Stanley Is Found Dead.

After trying to doctor himself for  
several weeks without any apparent  
success, Wallace W. Stanley, aged  
about 65, was found dead on Monday  
in a sitting position on a box at the  
rear of the house of William J. Hough,  
which stands on the flat near the U.  
& D. station, and with whom Stanley  
boarded. Coroner Getman pronounced  
the cause as heart disease, which  
undoubtedly had been of long stand-  
ing.

So far as can be learned Mr. Stan-  
ley has no relatives in this city. He  
lived with his wife and several of his  
children at a Grace place until early  
in the summer, when they left him  
and went to Binghamton to live. The  
dead man has been working for some  
time in the freight house of the D. &  
H., and has been a character in One-  
onta for a number of years. The only  
thing of value that he is known to  
have had is a family plot in the Plains  
cemetery. It is believed he is a native  
of Bloomville.

Unless someone claims the body, it  
will be buried at the city's expense.

Funeral of Mrs. Cora E. Thomas.

The funeral services for the late  
Mrs. Cora E. Thomas were held from  
the United Presbyterian church Tues-  
day, at 2 o'clock, following a short  
prayer at the home. The services were  
conducted by Dr. W. B. Smiley in  
whose church she was a conscientious  
and efficient worker, having formerly  
been for a number of years president  
of the Missionary society, secretary of  
the Ladies' Aid society and a teacher  
in the Sunday school.

Doctor Smiley voiced the thought  
of all who knew her in his text, "who  
can find a worthy woman, for her  
price is far above rubies."

An appreciation of her sterling  
worth in the church and home was  
evidenced by the many beautiful floral  
tributes sent by friends and relatives.

Among those from out of town in  
attendance at the services were Mrs.  
Byron Thomas, Schenectady; Mrs. Car-  
rie Whitmore, Miss Ella Lamb, Mr. St.  
John, Mrs. Minnie Murdock, Bloom-  
ville, Mrs. Arthur Hamilton, Miss  
Olivia Gibson, East Meredith.

K. of O. Elects Officers.

Report of Donations for the Week Re-  
ceived by The Star.

Owing to the fair and other events  
absorbing attention not only of The  
Star but of people generally, the con-  
tributions to Our Boys in France To-  
bacco Fund during the past week  
were comparatively small. This we  
believe to be due not to lack of inter-  
est in this worthy project, but be-  
cause it has not been kept in mind.  
The project will be continued for a  
few weeks and it is hoped that all  
who have not sent some contribution  
of tobacco to the boys at the front in  
France will send along a donation of  
\$1 or more. Other cities of similar  
size have contributed several hundred  
dollars and surely this city and sur-  
rounding country are not lacking in  
people who will appreciate that it  
will be a severe hardship to be far  
from home and without the consol-  
ation that a smoke would give.

During the week two gifts of 10  
cents were received. The Star cannot  
afford to donate space for a list of  
names of those who cannot give at  
least one package costing 25 cents.  
Gifts of lesser amounts will be ac-

### SLIPS OF THE PEN.

Even the Best of Writers at Times  
Nod While They Work.

Many if not most writers have had to bewail the occasional freakishness of the pen in putting down on paper something very different from that intended by its author.

Readers of Sir George Trevelyan's "Life of Macaulay" will recall the historian's horror when too late he discovered that he had written in the Edinburgh Review that "It would be unjust to estimate Goldsmith by 'The Vicar of Wakefield' or Scott by 'The Life of Napoleon' when he really intended to say that it would be unjust to estimate Goldsmith by his 'History of Greece'." There was, too, an amusing slip of the pen perpetrated by the grave Sir Archibald Alison in including Sir Peregrine Pickle instead of Sir Peregrine Maitland among the pallbearers at the Duke of Wellington's funeral.

Another striking instance of the pen mechanically writing something not intended came under notice the other day on the title page of a reprint of a once famous book, Jane Porter's "Scottish Chiefs." This edition, published some years ago by a well known London house, describes Miss Porter as "author of 'Pride and Prejudice,' 'Sense and Sensibility,' etc." Doubtless the Christian name of "Jane" induced the slip. All remember and nearly all—Charlotte Brontë was one notable exception—love Jane Austen; not so many remember Jane Porter.

### Collector's Notice.

Notice is hereby given that I, the undersigned, collector of the town of Oneonta, county of Otsego, have received the tax list and warrant for the collection of school taxes in and for said town of Oneonta, county of Otsego, and that I will receive same at Baker Brothers store, Monday, Wednesday and Friday, at the town clerk's office, West Oneonta, in the evening, from 6:15 to 9:00, Oct. 3, 9 and 16. At A. H. Cope's store, Chestnut street, in the evening from 6:15 to 8:30, Oct. 3 and 17. For thirty days from date hereof.

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If peevish, feverish and sick, give  
"California Syrup  
of Figs."

Mother: Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, diarrhea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the food waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative" and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

### BURSTS WITH THE HEAT.

Sad Fate of the Terrasnot When It  
Enters Death Valley.

That most frightful of deserts, Death valley, in California, lies between two lofty ranges, one of which is called the Funeral mountains.

The higher levels of these mountains are rather densely forested, with here and there little meadows and "parks" (natural clearings), in which dwells a strange animal known as the terrasnot. So inaccessible are these inhospitable heights, however, that the creature, rarely seen, has remained almost unknown.

Respecting its habits little can be said. There is no reason for supposing that it is dangerous to man. Nobody knows even whether it is carnivorous or a plant feeder. It has a coffin shaped body, six or seven feet long, with a sort of shell running the whole length of its back.

Having, it is presumed, few natural enemies, the terrasnot increases in numbers until it is seized with an impulse to migrate, possibly because its food supply no longer suffices. The animals then form long processions, marching down into the desert in single file, with the evident intention of crossing the valley to the mountains on the other side.

But none of them ever gets across. As they encounter the hot sands they rapidly disintegrate with the heat, and one after another they blow up with loud reports, the places where this happens being marked by deep, grave shaped holes.—Philadelphia Record.

### Haydn's Ox Minuet.

Haydn one day received a visit from a butcher who said that himself and his daughters were admirers of Haydn's music, and as the young woman was soon to be married he made bold to ask that the composer write a minuet for her wedding. Kind "Papa Haydn" consented, and in a few days the man of meat obtained his music. Not long afterward Haydn was surprised to hear this same minuet played under his window. On looking out he saw a band of musicians forming a ring around a large ox tastefully decorated with flowers. Soon the butcher came up and presented the ox to Haydn, saying that for such excellent music he thought he ought to make the composer a present of the best ox in his possession. Ever after this little composition was called the "Ox" minuet.—W. Francis Gates in "Anecdotes of Great Musicians."

### For Chess Players.

The Swedish monarch, Charles XII., found himself besieged by the Turks and virtually a prisoner. To while away the tedium of his captivity he would indulge in an occasional game at chess—even when Turkish bullets were flying around—with his friend Grothusen. The position beneath had been reached when Charles exclaimed, "I have a pretty mate in three."

White—K on B 5, R on K Kt 7, Kt on K 5, pawns K Kt 2, K R 3.

Black—K on K R 4, B on K B 7, pawns K R 3, K Kt 5.

But even as he spoke a flying bullet sent the knight to smithereens. The king, undismayed, merely remarked, "Now I mate in four." Before Grothusen had solved the position another bullet sent White's rook's pawn spinning off the board. Charles' only comment was, "I can now give mate in five!"

### Tax Notice.

The tax roll and warrant for the collection of the school tax for the city of Oneonta, N. Y., has been placed in my hands and I will be at my office at the Municipal building each day from 9 o'clock in the forenoon until 4 o'clock in the afternoon excepting between 12 o'clock noon and 1 o'clock in the afternoon and Sundays, holidays and half-holidays, for the next 30 days from the date hereof, for the purpose of receiving and collecting the taxes assessed upon such roll. Such collections and the fees charged will be in conformity with the city charter, of which the following is an extract:

"On all taxes or assessments paid within 30 days after the first publication of said notice, the chamberlain shall collect one per centum additional. On all taxes or assessments remaining unpaid after the expiration of said 30 days the chamberlain shall collect five per centum additional, and all remaining unpaid after the expiration of 60 days from such first publication shall bear, and there shall be collected thereon, in addition to said five per centum, interest at the rate of one per centum per month from the expiration of said 60 days, which percentage and interest shall belong to the city."

Dated, Oneonta, N. Y., Sept. 24, 1917.

### PERIL OF COAST EROSION.

The Ceaseless Warfare Waged by the  
Sea Against the Land.

All over the world, in America as well as in the eastern hemisphere, is the sea waging a ceaseless warfare against the land. So serious is the danger of coast erosion round the British Isles that people are asking whether England is not slowly but surely disappearing.

Lowestoft has been sorely hit by the merciless waves which are steadily advancing. Within the last few years the east coast town has spent considerably more than \$60,000 in combating the sea, which means a new promenade, groynes, breakwaters, piles and huge cement structures. Only a few years since tremendous damage was caused to these then new structures by a series of gales which wrecked part of the promenade, tore down the piles and breakwaters and made a scrap heap of the cemented piers.

Cromer, too, has suffered terribly from the sea's advancement. Not so long ago it cost this delightful east coast town more than \$45,000 to make good the damage.

During less than fifty years it is roughly computed that England must have lost more than 50,000 acres of land by sea incursions. The battle against nature still goes on. But it must be remembered that, while in some places the waters are advancing, in other spots the sea is retreating. But the balance is said to be not altogether in favor of the latter, and new methods may have to be devised to meet and fight the peril.—London Mail.

### Fighting in the Air.

"Before an aviator is prepared to engage another flyer in battle he should know how to loop the loop, do a nose or vertical dive, execute a tail spin, a tall slide or any other of the so called stunts," said Miss Ruth Law.

"Fighting in the air is fighting for position. Consequently it is largely a business of dodging. The man who is the better dodger, who has the most tricks up his sleeve, is the man who is going to win. I have seen men stop controlling their machines, altogether and simply fall through space for several thousand feet."

"The point of this, of course, is to give the opposing flyer the idea that the plane has been struck. The opposing aviator, thinking he has put his enemy out of commission, will start away. Then the plunging air man will switch on his power, regain control of his machine and overtake his enemy without the latter knowing he is approaching. Such tactics naturally are used at great altitudes."—New York Tribune.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you  
Darken Gray, Faded Hair  
with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. When over her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
